MEMO

To:

Banyard Management Board of Directors

From:

Larry Guanzon, HACB Deputy Exec. Director

Sue Kemp, Banyard Mgt CFO

Subject: Chico Commons, LP Proposed 2017 Operating Budget

Attached please find a proposed Operating Budget for Chico Commons calendar year 2017. The budget was prepared in house with consideration for the proposed costs of a new management company.

We anticipate higher maintenance payroll costs offset by reduced contracting. The budget may be modified after a management company is selected and costs reviewed by both parties. A well-managed and maintained property is the priority while also maintaining a positive cash flow.

If you have any questions we will gladly answer them at the Board Meeting.

Recommend motion to approve Resolution No. 16-5B

Subject: Transition of Property Management – US Residential Group to AWI Property Management

• Chico Commons Apartments, Chico (Banyard)

• Walker Commons Commons Apartments, Chico (BCAHDC)

US Residential Group (USRG) assumed property management at the subject properties January 1, 2016. Both these properties were previously managed in-house, by the HACB.

USRG initially proposed budgets at the properties showing that they would be able to operate at a lower cost than that accomplished by HACB. What looked like a "win-win" for both the HACB and USRG has been compromised by ensuing events, leading USRG to indicate they cannot deliver as promised – they are seeking to be replaced.

- 1) Shortly after being retained, USRG was *purchased by a larger, national property management firm,* whose corporate policies are substantively different than USRG's. Significantly, USRG now relies on a third-party contractor to vet vendors at the properties, charging the vendors \$90 annually for such "service", and requiring unreasonable levels of liability insurance. While this addresses risk, it establishes bars to local providers that are unreasonable. Consequently, local vendors are lost, and more vendors are sourced from Sacramento and the Bay Area, resulting in increased cost structures to the properties. USRG has lost its "local" sensitivities.
- 2) Both USRG's Site Manager, and Regional Asset Manager, serving both the Chico Commons and Walker Commons Apartments properties, were hired away by WINN Residential in the last 30 days, leaving a void where these two former employees of USRG had only recently been placed. This transition has caused a void in USRG capacity, requiring USRG to "backfill" from other properties. This change alone has caused a negative ripple effect in the operations of both the Chico Commons and Walker Commons properties.
- 3) Given the management transitions, the HACB is now finding overall issues with vendors not being paid, resident's needs not being addressed, issues with maintenance, in short, operational instability at both properties.

Dan Lisenby, USRG regional VP, has indicated that USRG seeks to withdraw from management of the Chico Commons and Walker Commons Apartment properties at our earliest convenience. USRG seeks to complete such transition by the end of the year, by December 31, 2016.

The HACB does not recommend a return to HACB management of the properties. HACB has identified and solicited two (2) other property management firms in the area, both of whom specialize in tax-credit management. Both firms are new to Banyard/BCHADC, though not new to staff.

After careful consideration of costing and management approaches, the HACB recommends use of "AWI Property Management". AWI has extensive experience in managing multi-family affordable housing. They have specific expertise in Low Income Housing Tax Credit properties (LIHTC), USDA-RD and other affordable programs. AWI's corporate headquarters are located in Auburn, CA. Please see attached information outlining AWI's credentials.

AWI has reviewed and inspected both the Chico Commons and Walker Commons properties. They recommend use of on-site managers and dedicated maintenance personnel at both properties. With capacity to perform most routine maintenance in-house, use of AWI is anticipated to achieve savings in reducing use of maintenance contractors. Limiting use of outside vendors, and use of dependable local vendors without "Compliance Depot" vetting, will also reduce costs. At this time of management transition it is imperative we have knowledgeable, expert, and professional management to benefit not only each property but also the residents who reside at the property.

Proposed 2017 budgets are enclosed for Board discussion and approval, as well.

The HACB recommends AWI Property Management be retained to assume 3rd- party Property Management duties at both the Walker Commons and Chico Commons Apartments properties, as of January 1, 2017.

Recommended: Motion authorizing change in 3rd-party Property Manager, from USRG to AWI, at the subject properties, effective January 1, 2016.

Subject: Quarterly Meetings - Schedule Change

It is recommended the Board of Directors adopt a new quarterly meeting schedule. The current schedule has quarterly meetings of the Board set for the months of January, April, July, and October, on the same days as regular meetings of the Housing Authority of the County of Butte, typically held on the third Thursday of the month. With this meeting schedule, timely quarterly financial reporting is not feasible. For example, December's financials cannot be closed in time to be provided at the January Board meeting.

It is recommended the Board calendar be shifted back by a month, so that more current accounting can be provided, and budget development can occur, without as much need for Special Meetings. The recommendation would set quarterly meetings for February, May, August, and November.

Recommendation: by means of Motion, set the Corporate Calendars for Banyard Management and Butte County Affordable Housing Development Corporation such that meetings be held in the months of February, May, August, and November, on the same days as regular meetings of Housing Authority of the County of Butte.
